Thank you for joining us!

Don't forget to tap my badge for contact details!

You may be a winner!

- A Starbucks Gift Card
- A bottle of wine – tap the hang tag for tasting notes
- An NFC-enabled teddy bear – tap the bear’s t-shirt

If you are a winner, visit the registration table at lunch to redeem your notification for your prize.

Directions for NFC-Enabled Tattoos

Android/Microsoft/Blackberry

- Step 1: Make sure that your NFC feature is turned on, on your phone. You can accomplish this through settings, or more settings based on the device.
- Step 2: Affix the tattoo to the back of your hand or wrist.
- Step 3: Tap the NFC Tattoo to see if you are a winner.

iPhone 7 and latest/iOS 11 or later

- Step 1: Download NXP Taginfo from App store.
- Step 2: Affix the tattoo to the back of your hand or wrist.
- Step 3: Open the app.
- Step 4: Tap the NFC Tattoo to see if you are a winner.

NFC Forum

Paula Hunter
Executive Director

The NFC Forum at a glance

The NFC Forum has 150-member organizations and is the world's leading standards and advocacy association for Near Field Communication (NFC) technology.

Why Near Field Communication?

2 billion NFC-enabled devices in use – almost a quarter of the world’s population will have access to NFC by 2020¹.

36 billion IoT devices – four for every person on the planet – will need commissioning, connection and control by 2020².

4 key focus areas: Automotive, IoT, Public Transportation, Retail and Payment

NFC is Everywhere!

Nike NFC-enabled NBA Jerseys

Mercedes-Benz & Samsung NFC Car Key

JR East NFC-enabled Mobile SUICA

**Advancing
Identification
Matters**

AIM – Advancing Identification Matters

Chuck Evanhoe

Chairman, Board of Directors

About AIM

Our Mission

- As an unbiased resource for networking, education, advocacy, and standards, AIM will help its members grow their business by fostering the effective use of automatic identification and data capture (AIDC) solutions

Our Vision

- Advancing the effective use of automatic identification and data capture technologies

Our VALUE

- Creating partnerships to globalize AIDC industry success

About AIM

- AIM's primary goal is to advance the application of automatic identification and data capture (AIDC) and while bolstering the success of our members
- AIM is the premier AIDC industry association and advocacy
- AIM is a GLOBAL association
- AIM chapters are located across the world
- AIM is comprised of over 400 member companies

Evolution Through the Years

The Association of the Automatic Identification and Data Capture Industry

Started as a manufacturers' association nearly 50 years ago

Association for Automatic Identification and Mobility

NOW we are the industry association for all AIDC stakeholders

Advancing Identification Matters

RAIN RFID Alliance

Steve Halliday
President

RAIN RFID Alliance

- Formed in 2014 to provide a marketing Alliance for the technology
- Over 150 members worldwide
- Members include:
 - Manufacturers of RAIN RFID technology and software
 - Solution providers
 - Test houses, academia
 - End-users

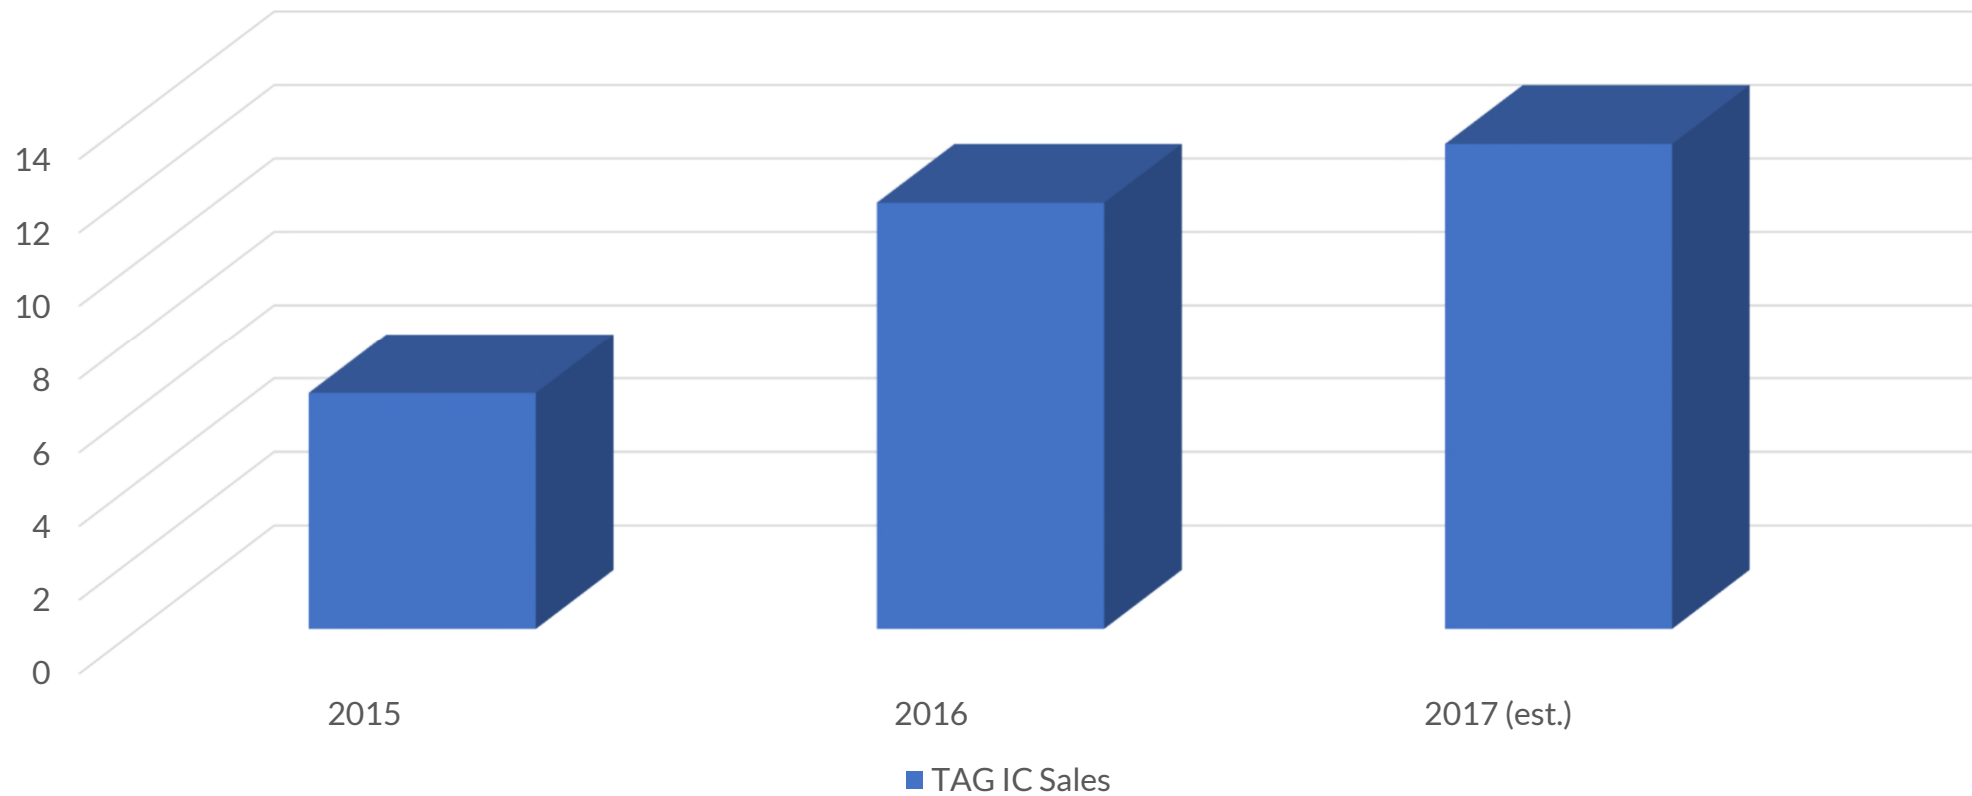

- RAIN RFID is a wireless technology that connects **billions** of everyday items to the internet, enabling businesses and consumers to **identify, locate, authenticate, and engage** each item
 - Using the GS1 UHF Gen2 protocol and ISO/IEC 18000-63 standard

RAIN and the IoT

TAG IC Sales
